HOW DOES SUBJECT-BASED BANDING (PRI) WORK?

@ PRIMARY 4

Student sits for school-based examinations

School recommends a subject combination based on the student's results.

Parents fill up an option form indicating the preferred combination.

@ PRIMARY 5

Student takes subject combination chosen by parents

English Language, Mathematics, Science and Mother Tongue Language are available at standard and foundation levels.

Higher Mother Tongue Language is also available.

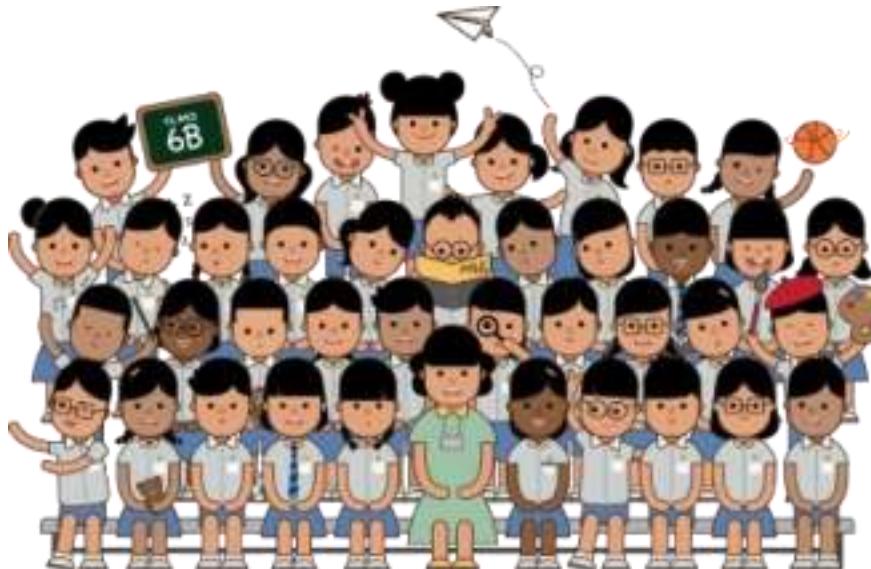

@ PRIMARY 6

The PSLE SCORING and S1 POSTING

**SUPPORTING STUDENTS AND PARENTS IN MAKING
INFORMED SCHOOL CHOICES FOR PSLE**

Briefing Deck to P5 and P6 Parents

OVERVIEW

RECAP

- How the PSLE Scoring System Works
- How the S1 Posting System Works

SUPPORTING STUDENTS AND THEIR PARENTS IN MAKING INFORMED SCHOOL CHOICES

- Understanding the PSLE Score Ranges
- School Choice Journey

WHAT IS THE INTENT OF THE PSLE?

A useful checkpoint at the end of primary school

A fair way to determine secondary school posting

Over the years, we have been changing the education system to help our students discover and develop their strengths, interests, abilities and talents while moving away from an over-emphasis on academic results. Our PSLE Scoring system reduces the over-emphasis on academic results by:

1

Reducing fine differentiation of students' examination results at a young age.

2

Recognising a student's level of achievement, regardless of how his/her peers have done.

3

Encouraging families to choose secondary schools holistically based on students' strengths, interests and learning needs.

HOW THE PSLE SCORING SYSTEM WORKS

WHAT ARE ACHIEVEMENT LEVELs (AL)?

WHY ARE THE BANDS UNEVEN?

- Students with similar scores in each subject are grouped into scoring bands measured in 8 ALs.
- AL bands and mark ranges are set based on the learning objectives of the curriculum, and mirror the way we learn.

When we learn something new, after some initial practice, we often find ourselves improving significantly.

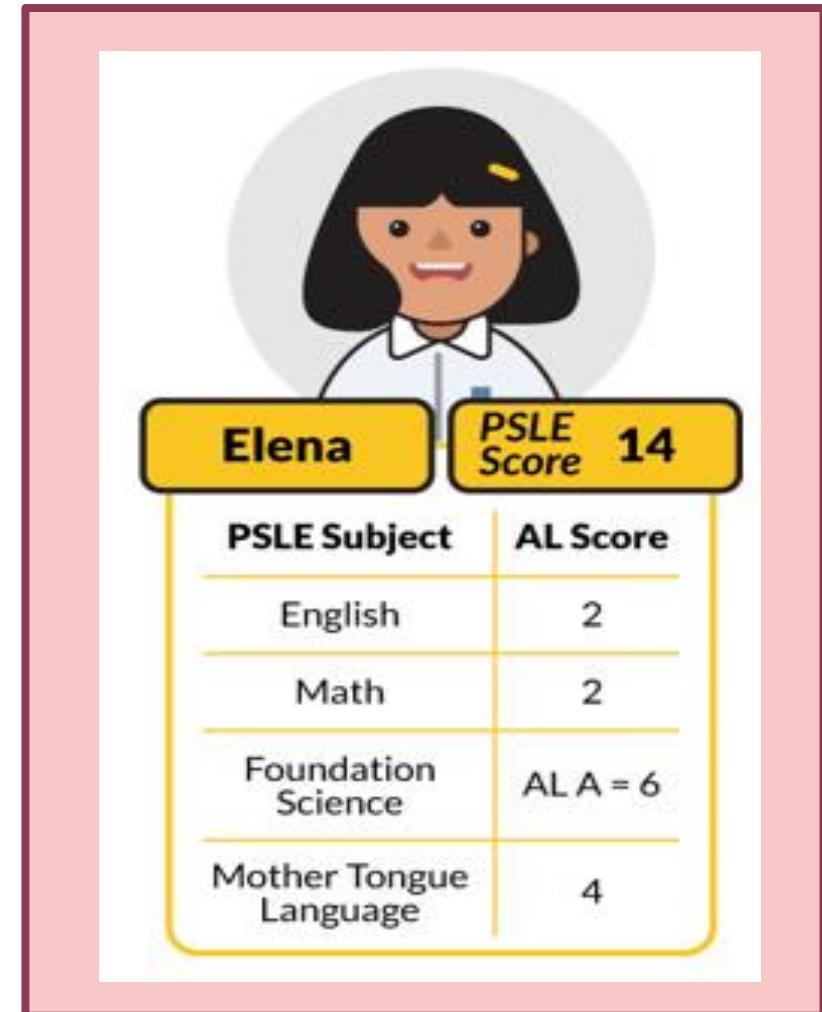

As we get better, the improvements become small steps, and finally, as we reach a high level, we inch just a little further, even after much learning and practice.

The ALs were designed to reflect this reality of learning. They help educators, students, and parents know how ready students are to access the curriculum at the next level.

AL	RAW MARK RANGE
1	≥ 90
2	85 – 89
3	80 – 84
4	75 – 79
5	65 – 74
6	45 – 64
7	20 – 44
8	< 20

HOW DOES THE PSLE SCORING SYSTEM WORK?

- The overall PSLE Score is made up of 4 subject Achievement Levels (ALs).
- The PSLE Score can range from 4 to 32, with 4 being the best.

GRADING OF FOUNDATION SUBJECT GRADES

- Foundation subject grades are graded in scoring bands from **AL A to C**.
- To derive a student's overall PSLE Score for S1 Posting, AL A to AL C for Foundation level subjects are **mapped to AL 6 to AL 8 of Standard level subjects respectively**.
- This mapping is based on the learning and assessment load of the subjects, and informs students of how ready they are for the curriculum in secondary school.

FOUNDATION LEVEL AL	FOUNDATION RAW MARK RANGE	EQUIVALENT STANDARD LEVEL AL
A	75 – 100	6
B	30 – 74	7
C	< 30	8

ELIGIBILITY CRITERIA FOR HIGHER MOTHER TONGUE LANGUAGE (HMTL)

- The eligibility criteria for taking HMTL ensures that students can cope with the higher academic load.

ELIGIBILITY CRITERIA FOR HMTL

- (i) An overall PSLE Score of 8 or better
 - or
- (ii) An overall PSLE Score of 9 to 14 (inclusive); and attain
 - AL 1 / AL 2 in MTL or
 - Distinction / Merit in HMTL

- For students who do not meet the above criteria, secondary schools will have the flexibility to offer HMTL to students if they are assessed to have high ability and interest in MTL, and are able to cope with the learning load required.

HOW DOES THE S1 POSTING WORK?

- Your child has **six choices** in selecting their secondary schools.
- Your child will be posted to a secondary school based on academic merit, i.e., PSLE Score, and their choice order of schools.
- If two or more students with the same PSLE Score vie for the last remaining place(s) in a school, the following tie-breakers are used in the following order:
 1. **CITIZENSHIP**
 2. **CHOICE ORDER OF SCHOOLS**
 3. **COMPUTERISED BALLOTTING**
- The tie-breaker based on school choice order recognises the different considerations that families have in making school choices.

Tie-breakers in the new S1 Posting System

5 students are vying for the last places in the schools of their choice.

Jane	SCHOOL CHOICES: 1) Sch A 2) Sch ... 3) Sch ... 4) Sch ...	
Singapore Citizen 16 pts		

Bryan	SCHOOL CHOICES: 1) Sch B 2) Sch ... 3) Sch ... 4) Sch ...	
Singapore Citizen 20 pts		

Mary	SCHOOL CHOICES: 1) Sch A 2) Sch B 3) Sch C 4) Sch ...	
Singapore Citizen 20 pts		

Alan	SCHOOL CHOICES: 1) Sch A 2) Sch B 3) Sch D 4) Sch ...	
Permanent Resident 20 pts		

Rina	SCHOOL CHOICES: 1) Sch A 2) Sch B 3) Sch D 4) Sch E	
Permanent Resident 20 pts		

Tie-breakers are used only if there are two or more students with the same PSLE Score vying for the last available place(s) in a school.

Here's a simplified example.

Students with better scores will be posted first

Tie-breaker #1:
Citizenship

Tie-breaker #2:
Choice order of schools

Tie-breaker #3:
Computerised balloting

Jane has a better PSLE score. She will be posted first, to **School A**.

Bryan, Mary, Alan and Rina have the same score.

As Jane has taken the last available place in School A, Bryan, Mary, Alan and Rina will vie for the last available place in their next choice, **School B**.

Bryan and Mary are Singapore Citizens. They will have priority to enter **School B**.

Because Bryan ranked School B higher than Mary, he will be posted to **School B**.

Since Bryan has taken the last place in School B, Mary will be posted to **School C**.

Alan and Rina will be tie-broken out as they are Permanent Residents. They will be considered for their next choice, **School D**.

Alan and Rina have both ranked School D as their third choice. They will go through computerised balloting to vie for the last remaining place in **School D**.

Through computerised balloting, Alan is posted to **School D**.

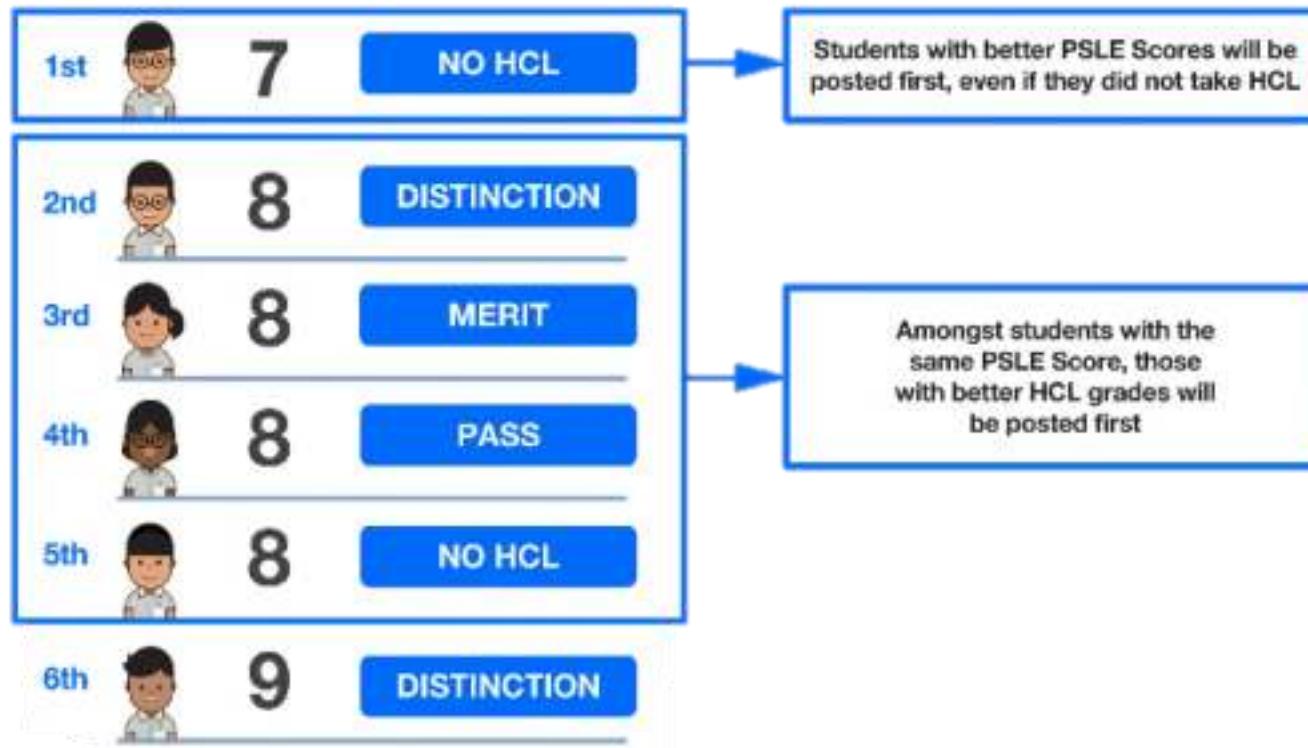

Since Alan has taken the last place in School D, Rina will be posted to her fourth choice, **School E**.

HCL POSTING ADVANTAGE TO SAP SCHOOLS

Students who obtained a Distinction/Merit/Pass for HCL at the PSLE and an overall PSLE Score of 14 or better will receive a posting advantage when applying to SAP schools.

Students will be considered for admission to SAP schools in the following order:

- Students' HCL results are denoted as 'D' (Distinction), 'M' (Merit) or 'P' (Pass).
- Students who obtain (i) a Distinction / Merit / Pass in HCL and (ii) a PSLE Score of 14 or better are eligible for posting advantage to SAP schools.
- Students are ranked taking into account their performance in HCL.
- This posting advantage applies before the tie-breakers for S1 Posting.

Understanding Full Subject-Based Banding (Full SBB)

What is Full SBB?

WHAT IS FULL SBB?

- Full SBB will be implemented in secondary schools from 2024, and aims for students to:

Have greater ownership of their learning according to their strengths, interests, abilities, talents and learning needs.

Develop a growth mindset and an intrinsic motivation to learn for life.

Have more opportunities to interact with friends of different strengths, interests, abilities and talents.

Have more options for post-sec pathways, while ensuring they have strong fundamentals and can thrive in their chosen pathway.

FULL SUBJECT-BASED BANDING (FULL SBB)

2020

- Full SBB pilot commenced in 28 secondary schools.
- The initial feedback from pilot schools has been positive.

2022-2023

- Around 90 schools have implemented aspects of Full SBB by 2023.

2024

- Remaining schools that admit students from 3 streams will be implementing Full SBB.
- Express, N(A) and N(T) streams will be removed for the 2024 S1 cohort onwards.
- Students will be grouped in mixed form classes in lower secondary.

2027

- From 2027, students will sit for the Singapore-Cambridge Secondary Education Certificate (SEC) examinations, instead of the GCE N- and O- Level examinations.
- Students will receive an SEC which reflects the subjects and subject levels that they offered.

FULL SUBJECT-BASED BANDING (FULL SBB)

Secondary school experience under Full SBB

- Mixed form classes and common curriculum subjects at Lower Secondary.
- Subjects to be offered at G1, G2 or G3, mapped from the standards of the N(T), N(A) and Express subject levels respectively.
- Greater flexibility to customise students' learning by offering subjects at various subject levels.
- Shift away from stream-based subject offerings.

FULL SBB: S1 POSTING

Three Posting Groups to ensure schools are accessible to diverse learners

From the 2024 S1 cohort, MOE will facilitate the admission of P6 students into S1 through 3 Posting Groups: **Posting Group 1, 2 and 3.**

Objective: Ensures that schools continue to admit a **diverse profile of students** and students have **access to a wide range of schools.**

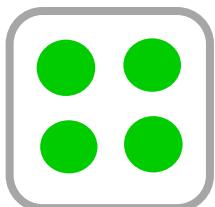

Unlike the academic streams of Express, N(A) and N(T), Posting Groups will only be used for the purposes of facilitating entry into secondary school and to guide the subject levels students offer at the start of S1.

- Posting Groups assigned based on PSLE Scores, mapped from existing PSLE Score ranges for Express, N(A) and N(T) streams.
- PSLE Scores provide a good gauge of the subject levels that students can offer at the beginning of S1.

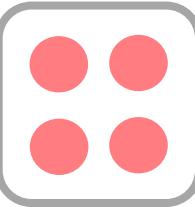

PSLE Score	Posting Group	Subject level for most subjects
4 – 20	3	G3
21 and 22	2 or 3	G2 or G3
23 and 24	2	G2
25	1 or 2	G1 or G2
26 – 30 <i>(with AL 7 in EL and MA)</i>	1	G1

FULL SBB: MIXED FORM CLASSES IN LOWER SECONDARY

Form classes arranged by academic stream in schools yet to implement Full SBB

Students in Exp stream

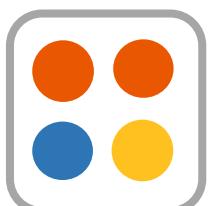

Students in N(A) stream

Students in N(T) stream

- Under Full SBB, students will be placed in mixed form classes in Lower Secondary to ensure a **mix of learner profiles**.
 - Provides students with **more opportunities** to interact with other students of different strengths and interests.
 - Enables students to **build meaningful friendships and learn to value different perspectives**.

With Full SBB:
Mixed form classes

Students posted through **PG3**

Students posted through **PG2**

Students posted through **PG1**

FULL SBB: COMMON CURRICULUM

**Common Curriculum Subjects
taken in mixed form classes
(~1/3 curriculum time)**

Examinable Subjects:

- Art
- Design & Technology (D&T)
- Food & Consumer Education (FCE)

Non-examinable Subjects:

- Character & Citizenship Education (CCE)
- Music
- Physical Education (PE)

- The six common curriculum subjects would each have a single syllabus for all students at Lower Secondary levels.
 - These subjects will be taught and assessed at a common level that is accessible to all students.
 - Teachers will adopt a range of approaches to cater to the different learning needs of their students.
- For other subjects, students attend classes with others taking the subject at the same subject level.

OFFERING SUBJECTS AT A MORE DEMANDING LEVEL AT THE START OF SEC 1

- Students posted to schools through PG1 and PG2 can offer **English Language, Mother Tongue Languages, Mathematics and Science** at a more demanding level based on their PSLE AL for each subject.

FOR STUDENTS POSTED TO SCHOOLS THROUGH PG1 AND PG2			
SUBJECT	PSLE SUBJECT LEVEL	PSLE AL FOR SPECIFIC SUBJECT	OPTION TO TAKE THE S1 SUBJECT AT :
• English Language • Mother Tongue Language • Mathematics • Science	Standard	AL 5 or better	G3 or G2
		AL 6	G2
	Foundation	AL A	G2

OFFERING SUBJECTS AT A LESS DEMANDING LEVEL AT THE START OF S1

- For students who offered **English Language, Mathematics and/or Science** at Foundation level at PSLE, but are otherwise eligible to take most of their subjects at G3 when entering secondary school, they may choose to take these subjects at a less demanding level (LDL; i.e., G2), in consultation with their secondary schools.
- Students have the option to offer **Mother Tongue Languages (MTL)** at LDL based on their PSLE Achievement Level (AL) for the subject:

POSTING GROUP (PG)	PSLE AL FOR MTL [^]	OPTION TO OFFER MTL AT A LESS DEMANDING LEVEL
PG3	AL 6	G2
	AL 7-8	G1 or G2
PG2	AL 7-8	G1

[^] Foundation level AL A to AL C will be mapped to AL 6 to AL 8 of Standard level subjects respectively.

- Students who are eligible to offer MTL at LDL can still choose to offer MTL at-level if they prefer.

SUBJECT LEVEL FLEXIBILITY BEYOND THE START OF S1

- Beyond the start of Sec 1, students may **adjust their subject levels across their secondary school journey**.
 - Students may offer subjects, including English Language, Mother Tongue Languages, Mathematics, Science and Humanities subjects at a **more demanding level** if they meet the criteria and based on the school's holistic considerations.
 - Students who are not coping well may **offer subjects at a less demanding level**, based on their school-based performance and school's holistic considerations, to calibrate their curricular load.
 - In upper secondary, students may offer elective subjects (for example, Additional Mathematics, Art, Design & Technology) at a subject level suited to their strengths, interests and post-secondary aspirations, to **allow them to pursue their interests without adding unduly to their overall curriculum load**.
- Schools will consider **students' learning progress and developmental needs** when helping them determine their subject choices.

PSLE SCORE RANGES FOR INDIVIDUAL SECONDARY SCHOOLS

PSLE SCORE RANGES FOR ALL SECONDARY SCHOOLS

- Use the PSLE Score ranges as a reference alongside other important factors, such as the school's distinctive programmes, Co-Curricular Activities (CCA), culture, ethos, and proximity to home when shortlisting school choices that would best fit a student's educational needs.
- The PSLE Score ranges for individual secondary schools will be available for your reference on <https://moe.gov.sg/schoolfinder> and <https://go.gov.sg/exploreschools>. They reflect the PSLE scores of the students posted into these schools at the previous year's S1 Posting Exercise.
- A school's PSLE Score range (including Cut-Off-Point) for a particular year is not pre-determined before the posting, and vary from year to year, depending on the cohort's PSLE results and their school choices in that year's S1 Posting Exercise.

SchoolFinder Tool

<https://www.moe.gov.sg/schoolfinder>

MySkillsFuture Student Portal (Primary)

<https://go.gov.sg/exploreschools>

HOW DO WE INTERPRET THE PSLE SCORE RANGES?

The PSLE Score range refers to the PSLE Score of the first and last student admitted to a particular school in the previous year via the S1 Posting Exercise. This shows the range of student profiles who enter each school.

Example

XX Secondary School

PSLE Score range of 20XX (previous year's S1 Posting Exercise)

Posting Group 3	15 – 20
Posting Group 2	21 – 24
Posting Group 1	25 – 28

PSLE Score of the first student posted into the school in the respective PG.

PSLE Score of the last student posted into the school in the respective PGs [i.e., the school's Cut-Off Point (COP)].

Note: Posting Groups will be assigned based on PSLE Scores, mapped from existing PSLE Score ranges for Express, N(A) and N(T) streams.

EXAMPLE OF AN SAP SCHOOL'S PSLE SCORE RANGE

While students need not take HCL to enter SAP schools, students who pass HCL receive a posting advantage for admission. To reflect this, the PSLE Score ranges of SAP schools include the HCL grades of the first and last student admitted in the previous year via S1 Posting.

Example

XX Secondary School

PSLE Score range of 20XX (previous year's S1 Posting Exercise)

Posting Group 3	5 (D)	–	12 (P)
Posting Group 2			
Posting Group 1			

PSLE Score and HCL grade of the first student posted into the school through PG3.

PSLE Score and HCL grade of the last student posted into the school through PG3 [i.e. the school's Cut-Off Point (COP)].

SCHOOL CHOICE JOURNEY

- The PSLE Score ranges are a **useful reference point** for parents and students to consider secondary schools.
- Use this information, together with other **important factors** such as the secondary schools' distinctive programmes, CCAs, ethos and cultures, to shortlist schools that would best fit the educational needs of the student.
- If your child has specific talents and strengths beyond the PSLE (e.g. areas such as sports, performing arts and leadership), consider the **Direct School Admission-Secondary (DSA-Sec)** as an alternative admission pathway to access secondary schools that have talent development programmes in these areas.

Direct Schools Admission

- Direct School Admission allows students to apply to schools before PSLE.
- Students apply based on their talent in sports, CCAs and specific academic areas.
- Sports and games
- Visual, literary and performing arts
- Debate and public speaking
- Science, mathematics and engineering
- Languages and humanities
- Uniformed groups
- Leadership (for example, prefects)

TIPS FOR PARENTS!

Be open and flexible when discussing your child's preferences, needs and choices.

Manage your own expectations and do not project these expectations onto your child.

Have regular conversations with your child to understand more about his/her interests and aspirations.

Affirm your child and offer support when he/she shares his/her plans with you.

Who is St. Valentine?

There are many legends about St. Valentine. It is hard to know which ones are true.

One legend is that Valentine was a priest who lived in ancient Rome during the 3rd century (AD 260s). The Emperor at that time, Claudius, believed that more men would join the army if they weren't married. Thus, he passed a law to prevent young men from getting married.

The priest, Valentine, thought that the law was very unfair so he secretly married young couples. When the Emperor found out, he had Valentine sent to jail and put to death.

Many young people respect Valentine in jail. They throw flowers and leave love notes for him to show their love and respect. One of his frequent visitors was the prison guard's daughter. It is said that Valentine fell in love with her because he was sent to his death on February 14. As while the daughter's father and agreed it. Love born from your Valentine - world still used in cards today. Valentine died on February 14 and says maybe a saint has hundred years later. That is why Valentine's Day is celebrated to remember him.

The Paris Love Locks

There is a bridge in Paris, the Pont des Arts, that everyone calls the Love Locks Bridge.

Since 2006, couples, families, and friends have been attaching locks to the bridge's arms. Most people write their signatures on the lock and attach the lock to the bridge. Then they throw the key into the Seine River. Only the key is in the water. It means that its love can break free of trapping.

By the spring of 2014, there were almost 1 million locks on the Pont des Arts. This was too much for the bridge. In June of that year, one of the bridge's supports broke under the weight of all the locks.

The city of Paris does not like the love locks. They tried to remove them. Just please put more locks back on. After the safety issue in 2014, they now setting places over three sections of the bridge.

Love locks have become a worldwide symbol of love and friendship. Bridges, houses, and parks around the world have become popular with them.

Follow-up activities: Listen and do with a pen journal!

1. Design a Valentine's Day invitation for your friend. Write a nice message to him/her, telling her why he loves her friend so much.
2. Design a Valentine's Day card for your family member. Write a nice message to him/her, telling her why you appreciate her/him.

Parents' Role in Supporting Homework

ROLE OF PARENTS

Parents play an important part in the children's education. Parents can consider doing the following to support their children in their learning.

- Check the child's Navalite Compass daily to view the homework assignments for the day.
- Spend time to go through your child's schoolwork.
- Remind your child that homework is their responsibility and supervise your child in doing the homework assignments.
- Provide a conducive environment for your child to complete the homework assignments.
- Provide appropriate digital device for homework assigned via e-learning platforms such as Student Learning Space (SLS) and Student ICON.

Parents' Role in Supporting Homework

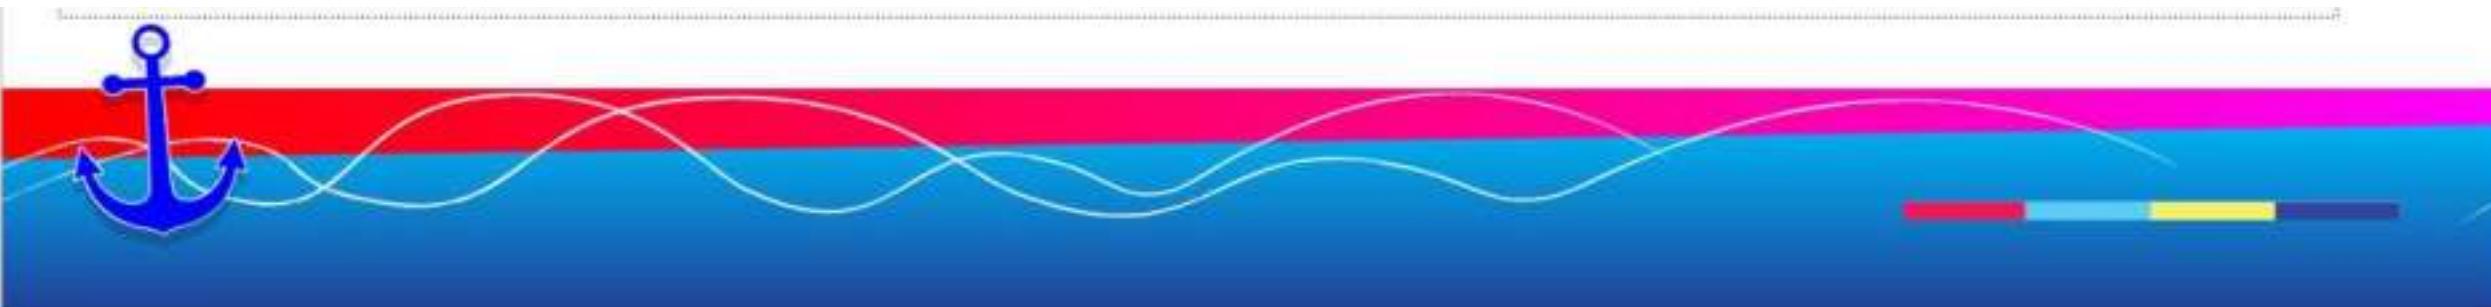

ROLE OF PARENTS (Continued)

- Remind your child to complete the school assignments before doing the tuition work.
- Parents are advised not to complete the homework assignments for your child as doing so will hinder their development of self-discipline and independence in learning.
- Encourage your child to ask his/her teacher(s) clarifying questions concerning the homework assignments.
- Guide your child to set aside a regular study time and establish good study habits.
- Consult teachers on your child's learning progress.

Communication with Teachers

- Parents can communicate with teachers via Navalite Compass / email / other communication platforms (E.g. Class Dojo). For non-urgent cases, a reply will be provided within 3 working days.
- For urgent cases, parents may call the office at 67537114 for teachers to return call during office operational hours from 7.45 a.m. to 5 p.m.
