EXAMINATION REGULATIONS

Page 24 – Navalite Compass

EXAMINATION REGULATIONS

Punctuality

- Students and parents are to adhere to the examination regulations and timetable strictly.
- Students are to be punctual for all examinations. Latecomers will not be given extra time.

Conduct during examinations

- Students are to follow all instructions given by the invigilator.
- Students are to raise their hands to get the invigilator's attention if they need any assistance.
- Students are not allowed to borrow any form of stationery when the test or examination is in progress.
- The school takes a serious view on cheating. No forms of messages, hand signals or passing of information can be made during the examinations. Answer scripts must not be placed in such a position that others can read them.
- If a student breaches any examination rules and regulations, he/she may:
 - a) be expelled from the examination room;
 - b) be refused entry for subsequent papers; and/or
 - c) have his/her examination results forfeited.

Absence from weighted assessments

- Weighted assessments are assessments that contribute to the overall result of the student. (See Page 25)
- The following table outlines the guidelines for how absenteeism is managed for weighted assessments:

Absent with medical certificate (MC)	Students will be allowed to take the make-up assessment [^] if the student returns to school within the given make-up period*. Marks will be computed as per normal.
Absent without MC but with valid reason (Approval is given based on case to case consideration)	Marks will be pro-rated accordingly.
Absent with valid reason for days of assessment and make-up assessment	No marks will be awarded
Absent without valid reason	No marks will be awarded

[^] Only applicable to written papers in Semestral Assessment.

MC / Valid reasons are required following:

- Make-up assessments (within the make-up period)
- Pro-rating of results.

A MORE HOLISTIC ASSESSMENT

All the different ways teachers can assess your child's learning and provide the support for their learning!

- Weighted / Non-weighted Class Tests
- Weighted Examination

- ICT learning
- Homework
- Classwork

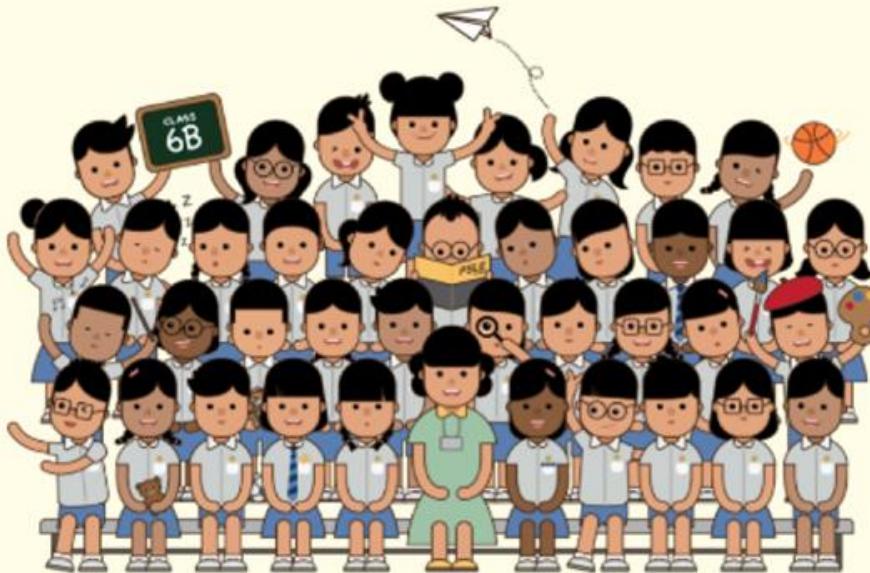

- Class activities
- Class participation

CHANGES TO THE PSLE SCORING AND S1 POSTING SYSTEMS

**SUPPORTING STUDENTS AND PARENTS IN MAKING
INFORMED SCHOOL CHOICES FOR PSLE**

2022 Briefing Deck to P5 and P6 Parents

© MINISTRY OF EDUCATION, COMMUNICATIONS AND ENGAGEMENT GROUP, 2021

OVERVIEW

RECAP

- How the PSLE Scoring System Works
- How the S1 Posting System Works

SUPPORTING STUDENTS AND THEIR PARENTS IN MAKING INFORMED SCHOOL CHOICES

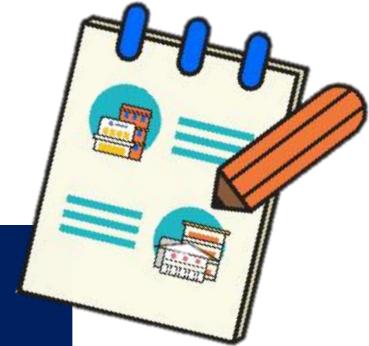

- Understanding the PSLE Score Ranges
- School Choice Journey

WHAT IS THE INTENT OF THE PSLE?

A useful checkpoint at the end of primary school

A fair way to determine secondary school posting

Over the years, we have been changing the education system to help our students discover and develop their strengths and interests, while moving away from an over-emphasis on academic results. Our PSLE Scoring changes reduce an over-emphasis on academic results by:

1

Reducing fine differentiation of students' examination results at a young age.

2

Recognising a student's level of achievement, regardless of how his/her peers have done.

3

Encouraging families to choose secondary schools holistically based on students' strengths, interests and abilities.

HOW THE PSLE SCORING SYSTEM WORKS

FROM T-SCORE TO SCORING BANDS

a) Reduces fine differentiation of students' examination results at a young age

- Students with similar scores in each subject are grouped into wider scoring bands measured in 8 ALs.

b) Reflects a student's individual level of achievement

- Students' ALs for each subject reflect their level of achievement, rather than how they have performed relative to their peers.

AL	RAW MARK RANGE
1	≥ 90
2	85 – 89
3	80 – 84
4	75 – 79
5	65 – 74
6	45 – 64
7	20 – 44
8	< 20

GRADING OF FOUNDATION SUBJECT GRADES

- Foundation subject grades are graded in scoring bands from **AL A to C**.
- To derive a student's overall PSLE Score for S1 Posting, AL A to AL C for Foundation level subjects are **mapped to AL 6 to AL 8 of Standard level subjects respectively**.
- Similar to the PSLE T-score system, this mapping is based on the learning and assessment load of the subjects, and informs students of how ready they are for the curriculum in secondary school.

FOUNDATION LEVEL AL	FOUNDATION RAW MARK RANGE	EQUIVALENT STANDARD LEVEL AL
A	75 – 100	6
B	30 – 74	7
C	< 30	8

4 SUBJECT ALs WILL BE ADDED TO FORM THE OVERALL PSLE SCORE

- The PSLE Score can range from 4 to 32, with 4 being the best.
- Students are placed in secondary school courses based on their PSLE Score – Express, Normal (Academic) or Normal (Technical).

ENGLISH LANGUAGE	AL 3
MOTHER TONGUE LANGUAGE	AL 2
MATHEMATICS	AL 1
SCIENCE	AL 2
PSLE SCORE: 8	

PLACEMENT OUTCOME	PSLE SCORE
EXPRESS	4 – 20
EXPRESS / N(A) OPTION	21 – 22
N(A)	23 – 24
N(A) / N(T) OPTION	25
N(T)	26 – 30, with AL 7 or better in both EL <u>and</u> MA

Express, N(A) and N(T) courses will be phased out by 2024.

ELIGIBILITY CRITERIA FOR HIGHER MOTHER TONGUE LANGUAGE (HMTL)

ELIGIBILITY CRITERIA FOR HMTL

- (i) An overall PSLE Score of 8 or better**
or
- (ii) An overall PSLE Score of 9 to 14 (inclusive); and attain**
 - AL 1 / AL 2 in MTL or**
 - Distinction / Merit in HMTL**

- The eligibility criteria for taking HMTL takes reference from past criteria.
- It ensures students can cope with the higher academic load.
- Secondary schools continue to have the flexibility to offer HMTL to students who do not meet the criteria if they:
 - have high ability and interest in MTL, and
 - are able to cope with the learning load required.

ELIGIBILITY CRITERIA FOR MOTHER TONGUE LANGUAGE (MTL) ‘B’ IN SECONDARY SCHOOLS

- The MTL ‘B’ curriculum is designed to help students in the Express and N(A) courses who face exceptional difficulty coping with MTL.

**ELIGIBILITY CRITERIA FOR MTL ‘B’
(FOR STUDENTS OFFERED THE EXPRESS OR N(A) COURSE)**

AL 7 or 8 in Standard MTL

or

AL B or C in Foundation MTL

- Schools have discretion to offer MTL ‘B’ to students who face exceptional difficulty with MTL but do not meet the eligibility criteria at Secondary 1 based on PSLE results.
- As students progress in secondary school, they may also take up MTL ‘B’ if they are assessed to be suitable by their schools.

SUBJECT-BASED BANDING (SECONDARY) [SBB (SEC)] ELIGIBILITY CRITERIA

- SBB (Sec) provides students posted to the N(A) and (NT) courses with **greater flexibility** to take various subjects at a more demanding level based on their subject-specific strengths.
- Under the new PSLE Scoring System, the SBB (Sec) eligibility criteria is as follows:

FOR STUDENTS POSTED TO THE N(A) OR N(T) COURSE	
PSLE SUBJECT GRADE	OPTION TO TAKE SUBJECT AT
AL 5 or better in a Standard level subject	Express level
AL 6 or better in a Standard level subject <u>OR</u> AL A in a Foundation level subject	N(A) level

- As students progress in secondary school, they continue to have opportunities at various junctures to take subjects at more demanding levels based on their performance in school.
- Students posted to the Express course will take all their subjects at the Express level.

SUBJECT-BASED BANDING (SECONDARY) [SBB (SEC)] ELIGIBILITY CRITERIA

**N(A)-Level
English**

**Express-
Level
Math**

**N(A)-Level
Mother Tongue**

**N(A)-Level
Science**

PSLE SCORE: 23
Offered N(A) course

FULL SUBJECT-BASED BANDING (FULL SBB)

- MOE is expanding Subject-Based Banding to Full SBB in secondary schools.
- This is in line with the changes to PSLE Scoring to recognise each student's own level of achievement and encourage them to choose secondary schools that fit their strengths and interests.
- Full SBB aims to further nurture the joy of learning and develop multiple pathways to cater to the different student profiles. Through Full SBB, we want students to:

- have greater ownership of their education, and learn each subject at the level that best caters to their overall strengths, interests and learning needs, and
- have more opportunities to interact with friends of different strengths and interests.
- not be held back by negative self-concepts and labelling.
- have increased access to post-sec pathways, while having strong fundamentals in their subjects so that they are able to thrive in the pathway they choose.

FULL SUBJECT-BASED BANDING (FULL SBB)

- The following are changes that students will experience from Full SBB:

- Removal of Express, N(A) and N(T) courses
- Mixed form classes
- Common Curriculum subjects
- Offering subjects at a more demanding level, including Humanities subjects
- Common National Examinations
- Post-secondary Admissions (*More information will be made available at a later date.*)

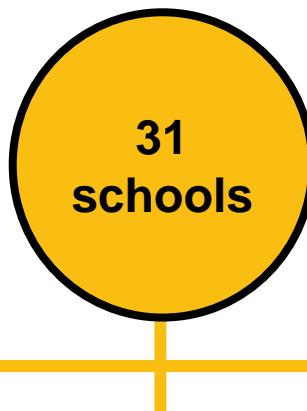

<https://go.gov.sg/pslefsbb>

FULL SUBJECT-BASED BANDING (FULL SBB) TIMELINE

2020

Full SBB pilot commenced in 28 secondary schools. Feedback from pilot schools has been positive.

2022

Full SBB will continue to be rolled out to more schools in phases.

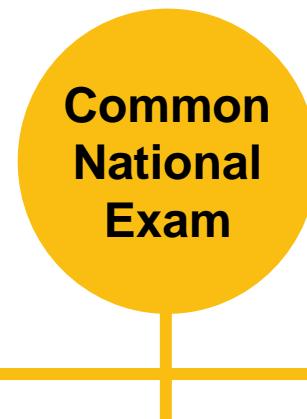

2023

2024

From 2024,

- There will no longer be Express, N(A) and N(T) courses.
- Students will be able to study subjects at different levels that suit their interests, strengths and learning needs.

2027

From 2027, students will sit for the common national examination and receive a new national certification with subjects at different levels.

SUBJECT-BASED BANDING (SBB)

- Every child will be encouraged to do the subjects at the levels that best meet his/her abilities.
- To provide more flexibility to pupils with strengths and abilities that vary across subjects.

If your child (for P4 exam)	Your child may be recommended to take
Passes all 4 subjects and performs very well in Mother Tongue Language	4 standard subjects + Higher Mother Tongue Language
Passes all 4 subjects	4 standard subjects
Passes 3 subjects	4 standard subjects
Passes 2 subjects or less	4 standard subjects; or 3 standard subjects + 1 other foundation subject; or 2 standard subjects + 2 other foundation subjects; or 1 standard subject + 3 other foundation subjects; or 4 foundation subjects

SBB @ P5

- Full SBB brochure from MOE will be available on the school's website and sent via Parents' Gateway.

HOW DOES SUBJECT-BASED BANDING (PRI) WORK?

@ PRIMARY 4

Student sits for school-based examinations

School recommends a subject combination based on the student's results.

Parents fill up an option form indicating the preferred combination.

@ PRIMARY 5

Student takes subject combination chosen by parents

English Language, Mathematics, Science and Mother Tongue Language are available at standard and foundation levels.

Higher Mother Tongue Language is also available.

@ PRIMARY 6

Student takes subject combination decided by his school and sits for the Primary School Leaving Examination (PSLE) at the end of Primary 6.

PSLE SCORE RANGES FOR INDIVIDUAL SECONDARY SCHOOLS

PSLE SCORE RANGES FOR ALL SECONDARY SCHOOLS

A school's PSLE Score range (including Cut-Off-Point) for a particular year is not pre-determined before the posting, and may vary from year to year, depending on the cohort's PSLE results and their school choices in that year's S1 Posting Exercise.

SchoolFinder Tool	MySkillsFuture Student Portal (Primary)
 https://www.moe.gov.sg/schoolfinder	 https://go.gov.sg/exploreschools

PSLE SCORE RANGES FOR INDIVIDUAL SECONDARY SCHOOLS

The PSLE Score range refers to the PSLE Score of the first and last student admitted to a particular school in the previous year via the S1 Posting Exercise. This shows the range of student profiles who enter each school.

Example

XX Secondary School
PSLE Score range of 2021

Express	15 – 20
Normal (Academic)	21 – 24
Normal (Technical)	25 – 28

PSLE Score of the first student posted into the school in the respective courses

PSLE Score of the last student posted into the school in the respective courses [i.e., the school's Cut-Off Point (COP)]

SCHOOL CHOICE JOURNEY

- The PSLE Score ranges are a **useful reference point** for parents and students to consider secondary schools.
- Use this information, together with other **important factors** such as the secondary schools' distinctive programmes, CCAs, ethos and cultures, to shortlist schools that would best fit the educational needs of the student.
- If your child has specific talents and strengths beyond the PSLE (e.g. areas such as sports, performing arts and leadership), consider the **Direct School Admission-Secondary (DSA-Sec)** as an alternative admission pathway to access secondary schools that have talent development programmes in these areas.

TIPS FOR PARENTS!

Be open and flexible when discussing your child's preferences, needs and choices.

Have regular conversations with your child to understand more about his/her interests and aspirations.

Manage your own expectations and do not project these expectations onto your child.

Affirm your child and offer support when he/she shares his/her plans with you.

Performers raise

Chan Qing Hao brings you the highlights of ChildAid 2010

The annual ChildAid charity concert ended its 2010 run on a high note last November.

The 2010 edition featured 102 performers, including singers, dancers and comedians, aged six to 19 over two days.

ChildAid 2010 raised

\$2.12 million this year, bringing the total amount raised over the show's 15-year run to about \$7.1 million.

Proceeds went to The Straits Times Pocket Money Fund, which provides pupils from low-income families with pocket money, and The Business Times Building Artists Fund, which helps underprivileged children and young people pursue arts training by funding their classes. More than 1,600 people came to the last day of the show.

President Halimah Yacob attended the show on its second day, and joined the performers onstage after the performances to witness the cheque presentation.

Nicole Tan Jia Mei, 14, who performed *Can You Feel The Love Tonight*, from the Lion King and The Circle of Life, with two other performers in a medley of Disney songs, said: "I feel incredibly good, we put in a lot of hard work and effort, and performing is such a thrill. I was so nervous about the President being there."

As the young performers reached the end of their three-month-long performing journey, tears were shed backstage at the end of the show.

Husna Humsah Muhammad Halle, 10, who sang *Domino* by Jessie J with three other performers, said: "I really wanted it to be forever. I'm going to miss everyone so much."

Trip, change, costume changes (From left) Young (soloist), English Maj, Steven Yang (lioness), 89995, Ng Yit Chung (king), 39192, with appreciation to President Halimah Yacob

VOCABULARY

BY DEBORA ANN FRANCISCO

Pick the most appropriate word or phrase from the table and fill in the blanks with the correct answers.

A motorcycle is in the opposite lane. 1. _____ and 2. _____ over the road divider towards his car along Eng Neo Avenue.

Retired taxi driver Tan Cheng Yew, 72, hit the brakes, but still the bike, which had already caught fire, managed to 2. _____ his car.

Within seconds, the fire started to spread but Mr Tan had no time to panic – he had to rescue his wheelchair-bound wife, Khoo Geck Hwa, 68, who was in the passenger seat.

In less than a minute, he dashed out of the Toyota Rush, ran across to pull his wife out, and dragged her up the footpath with the help of a few passers-by, so the 3. _____ on, according to video footage online.

The couple, who escaped unharmed, performed this 4. _____.

On Saturday evening while they were on their way to pick their daughter up from work at the nearby Sun City.

Madam Khoo told The Straits Times on Sunday that she was in a 5. _____ when the accident took place.

"I was very scared and my hands and feet had gone soft. This kind of thing has never happened before. But I am so thankful to everyone who helped me," she said.

The police and the Singapore Civil Defence Force (SCDF) said they were

crowd of onlookers	state of shock
fiery crash	race the rounds
flamed	skid underneath
several	lost control
road divider	flaming encounter

Mr Tan Cheng Yew, 72, and Madam Khoo (seated, right), whose car's wheel caught fire along Eng Neo Avenue Dec 28. (ST PHOTO: TAN BOON LIANG)

seen burnt.

"I was very worried at first but I'm glad to hear that everyone is okay. It seemed

10. _____ like a freak accident," said Mr Tan, 68, who runs a dog daycare and training school at Turf City, which his sister also works at.

According to a police report made by Mr Derrick Tan's father and seen by The Straits Times, the motorcycle was travelling in the opposite lane when it skidded and hit the

9. _____, throwing both the bike and its rider into the same lane as the car.

Investigations are ongoing.

RAN

Schools in Tehran were closed from Dec 20 to 27 due to severe air pollution.

The city's pollution levels tend to increase during winter due to a phenomenon called thermal inversion.

This is when cold air and a lack of wind traps hazardous smog over the capital.

Tehran is one of the world's most polluted cities.

At the time of the school closure, the average concentration of the finest and most hazardous particles in the air was at 447 microgrammes per cubic metre, according to government website air tehran.

That is close to six times the World Health Organisation's recommended maximum of 76 microgrammes per square-metre.

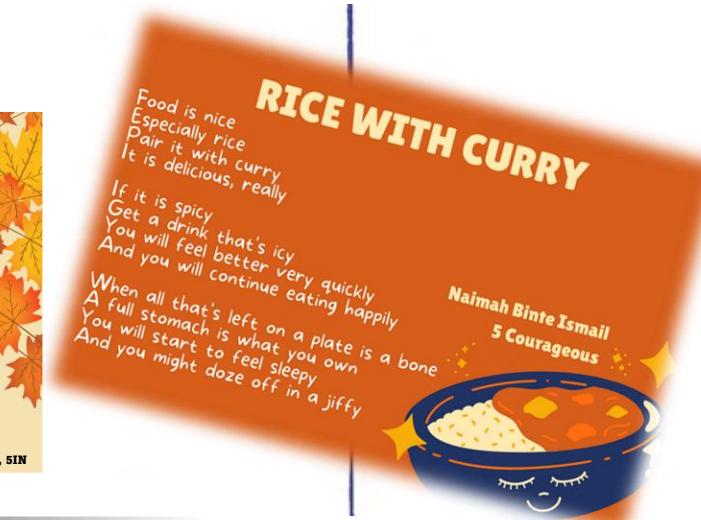

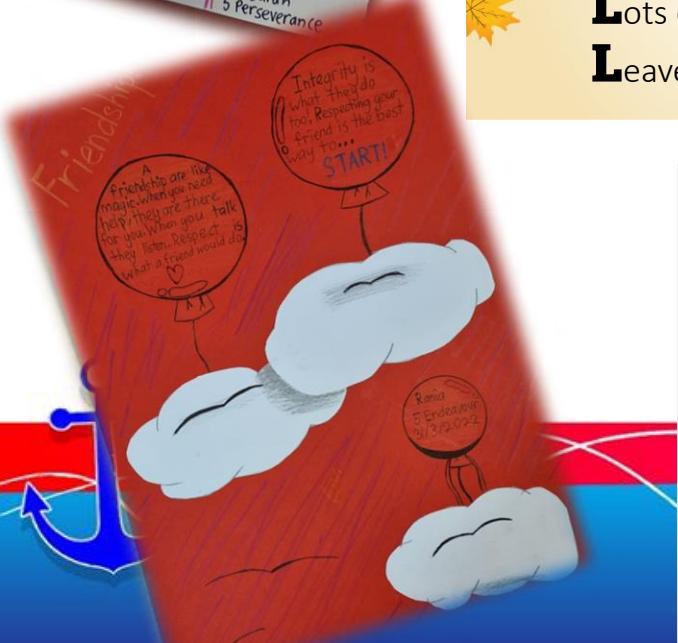

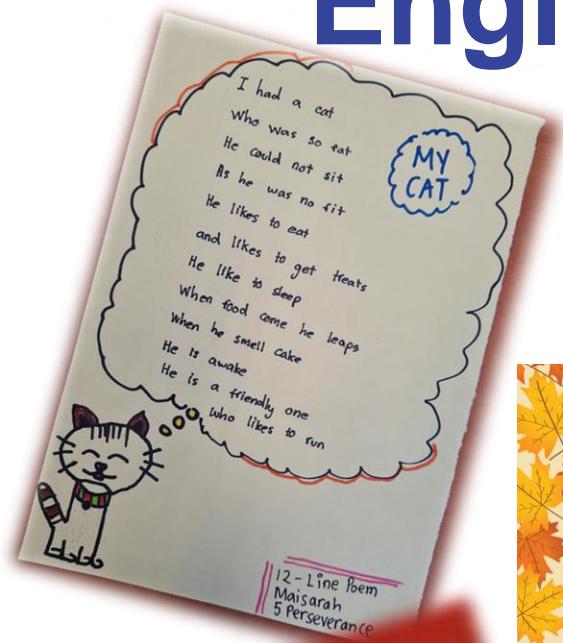

Thick smog covering Tehran obscured the nearby mountains.

Who is St. Valentine?

There are many legends about St. Valentine. It is hard to know which ones are true.

One legend is that Valentine was a priest who lived in ancient Rome during the 3rd century (mid 200's AD). The Emperor at that time, Claudius, decided that more men would join his army if they weren't married. Thus, he passed a law to prevent young men from getting married.

The priest, Valentine thought that the law was very unfair so he secretly married young couples. When the Emperor found out, he had Valentine sent to jail and put to death.

Many young people visited Valentine in jail. They threw flowers and notes up to his window telling him that they believed in love. One of his frequent visitors was the prison guard's daughter. It is said that Valentine fell in love with her. Before he was sent to his death on February 14, he wrote the daughter a letter and signed it, "Love from your Valentine" - words still used on cards today. Valentine died on February 14 and was made a saint two hundred years later. That is why Valentine's Day is celebrated to remember him. ☺

The Paris Love Locks

There is a bridge in Paris, the Pont des Arts, that everyone calls the Love Locks Bridge.

Since 2008, couples, families, and friends have been attaching locks to the bridge's sides. Most people write their names on the lock and attach the lock to the bridge. Then they throw the key into the Seine River. Once the key is in the water, it means that no one can break their love or friendship.

By the spring of 2014, there were almost 1 million locks on the Pont des Arts. This was too much for the bridge. In June of that year, one of the railings collapsed under the weight of all the locks.

The city of Paris does not love the love locks. They tried to remove them, but people just put more locks back on. After the railing broke in 2014, they tried putting glass over three sections of the bridge.

Love locks have become a worldwide symbol of love and friendship. Bridges, fences, and poles around the world have become packed with them.

Follow-up activities (choose one to write in your journal):

1. Design a Valentine's Day bookmark for your friend. Write a sweet message to him/her, telling her why he/she has been a wonderful friend.
2. Design a Valentine's Day card for your family member. Write a sweet message to him/her, telling her why you appreciate teacher.
3. Write a short Valentine's Day poem for your friend or family member.

4	60%	

What you can do to support your child/ward?

1. Regular revision

2. Application of learning
 - How can I link what I observe to concepts?

3. Encourage your child to see Science in everyday life

MOTHER TONGUE

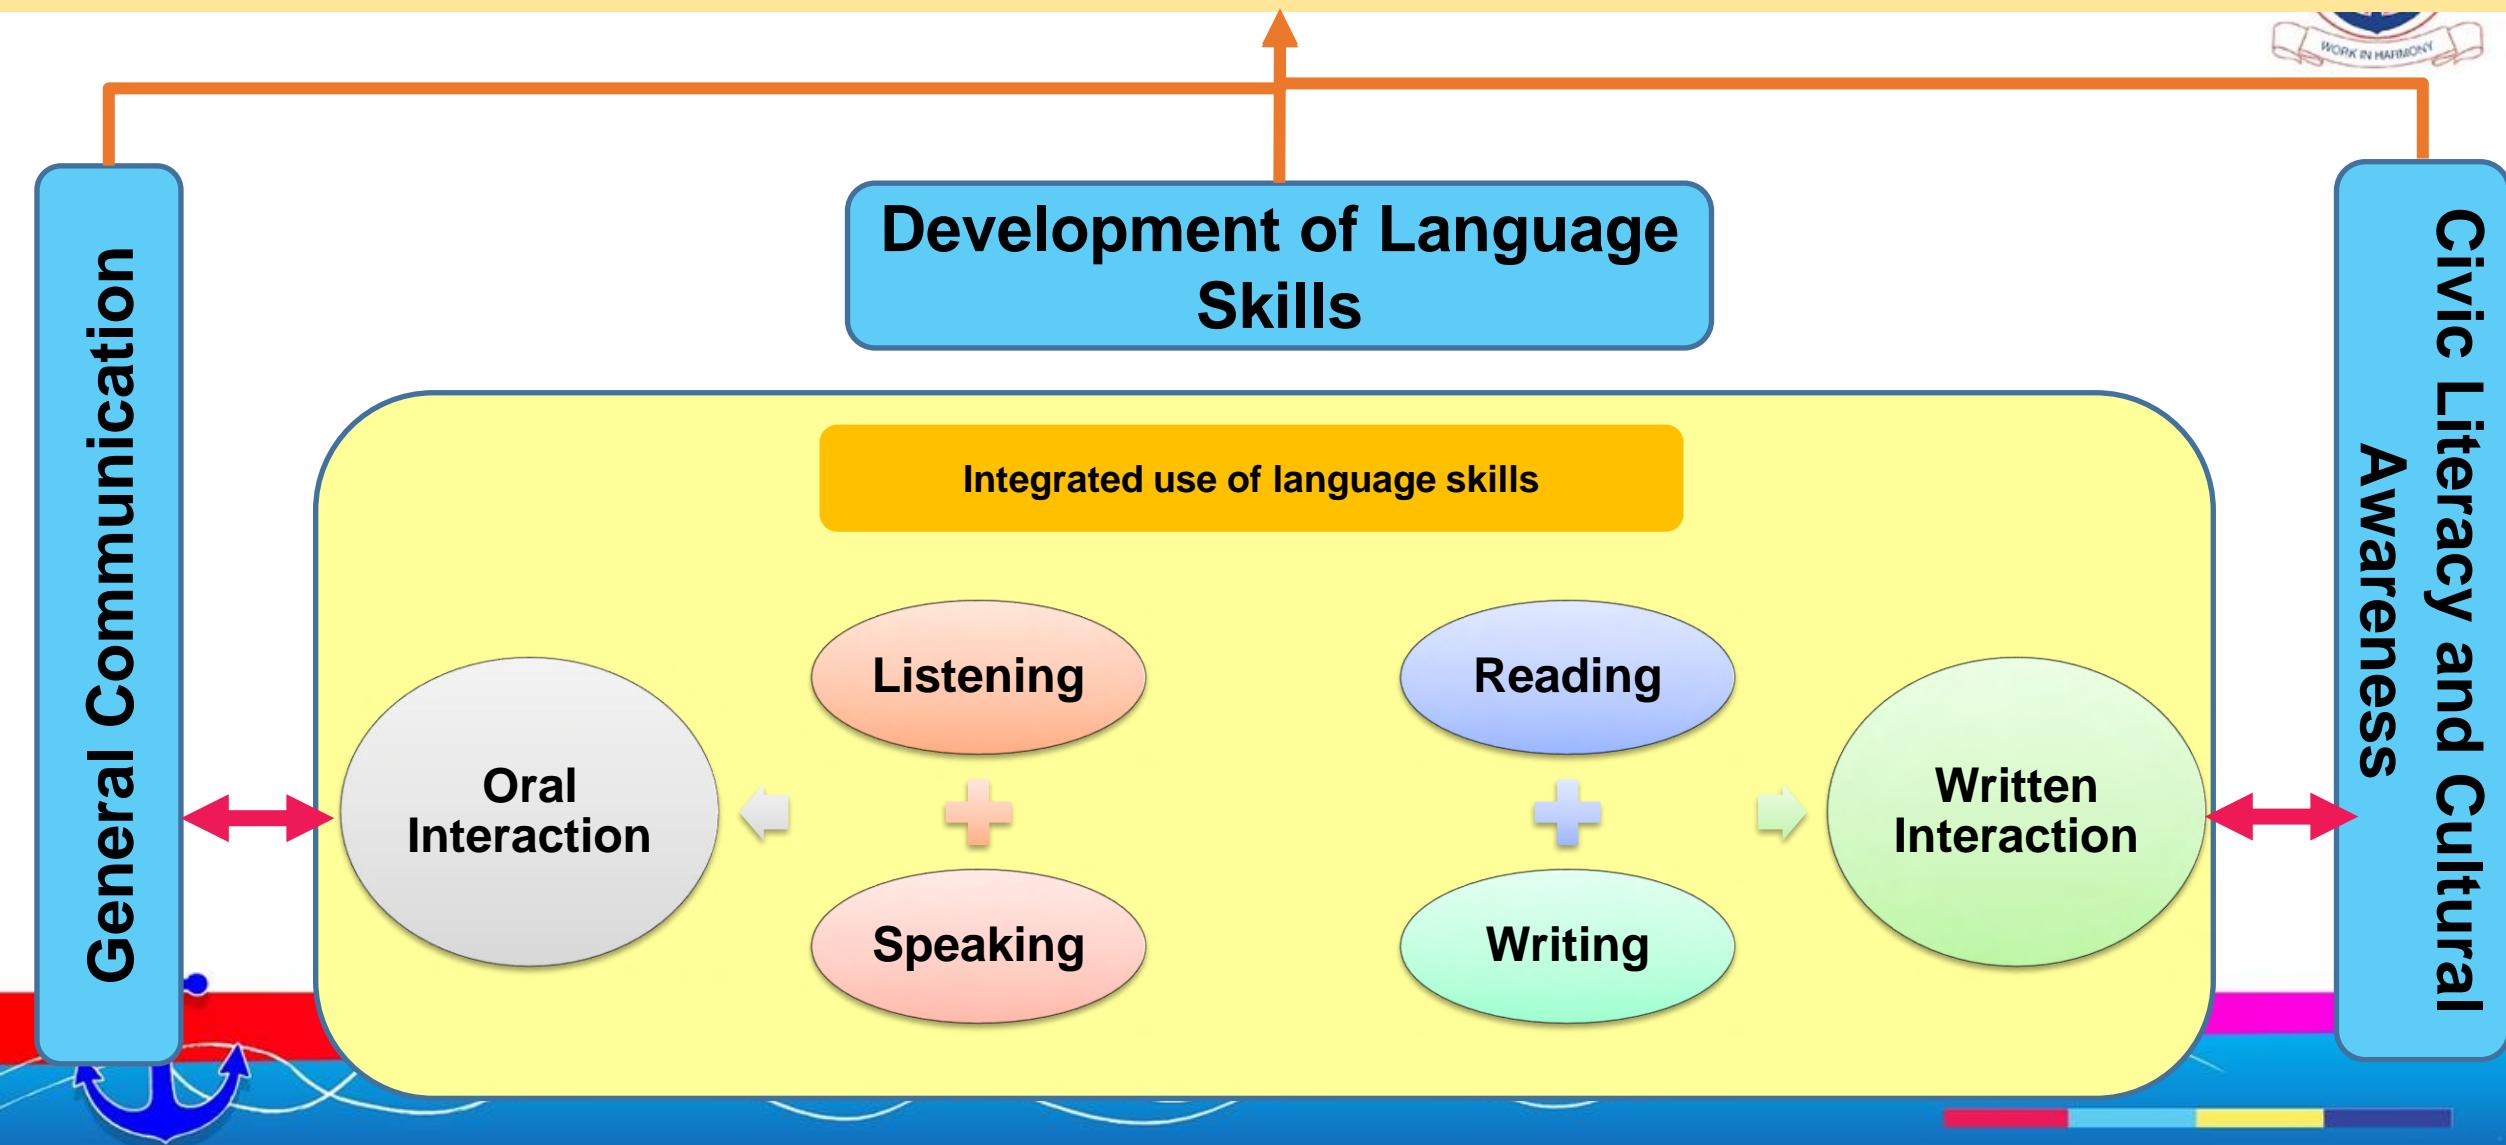

Purpose of Mother Tongue

Through the learning of MTL, students can:

- Communicate more effectively in MTL.
- Appreciate their cultural heritage.
- Connect with wider communities across Asia and the world.

Mother Tongue Curriculum Objectives

ORAL

- Objective: To enhance competencies in oral conversation (particularly **video-stimuli conversation**)
 - Refined scaffolding to guide students to help students to be more specific in elaborating their ideas
 - List of vocabulary and phrases related to a specific theme/value

COMPREHENSION

- Objective: To enhance comprehension skills (particularly open-ended)
 - Exam answering techniques:
 - Highlighting of key words in questions and passage
 - Rewrite the answers in grammatically correct sentences.
 - Contextual clues/implicit meaning:
 - Reading in depth
 - Serves as a linkage from oral to writing

COMPREHENSION

- Introduce Visible Thinking strategies for higher order thinking questions, e.g.
 - Annotation (Surface & Deep Annotation)
 - Highlighting key words and phrases, summarizing each paragraph, identify main ideas of the passage
- Exposed to different genre
 - e.g. stories, short passages in magazines and newspapers

COMPOSITION WRITING

- Objective: To enhance students' writing in organization of ideas, elaboration on details and use of extensive vocabulary
 - Mind Maps to guide in planning
 - Strategy to guide in elaboration of details
 - Checklist for editing and self-checking
 - Rubrics to give feedback
 - Good phrases / model compositions

READING

- Objective: To cultivate the love for reading through Extensive Reading Programme
 - Class & library reading sessions (by MT teachers and external agencies)
 - Even Week: Morning silent reading in form class
 - Reading corners in MTL rooms
 - Availability of MTL books in the form classes
 - Follow-up activities which include book reviews, presentation, etc.

Mother Tongue Resources

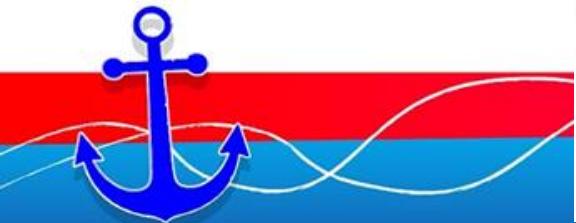

- Textbooks
- Activity books
- Worksheets
- Magazines/Newspapers
- NBPS MTL Showcase Website
 - <https://go.gov.sg/nbps-mt>

Mother Tongue Language Fiesta

- ❖ Exposure to the MTL through cultural & language based activities or workshops:
 - Mini performance/competition, singing, story-telling, etc.
 - Hands-on workshops
 - Literature and reading

Assessment (Standard MTL)

Term 1 (10%)	Term 2 (15%)	Term 3 (15%)	Term 4 (60%)

What you can do to support your child/ward?

Supportive learning environment is the key:

- Provide home environment for your child to express ideas and feelings (culture, festive celebrations, stories, current affairs, etc)
- Encouragement and affirmation of effort
- Reading, writing, learning with your child

Let's work
hand in hand!

- We will need your feedback to help us plan better programmes for our students and parents.
- As part of our Green effort, you can submit online using your handphone through the link or QR Code.
